

UNIVERSIDAD AUTONOMA DE NUEVO LEON ESCUELA INDUSTRIAL Y PREPARATORIA TECNICA ALVARO OBREGON

UNIDAD DE APRENDIZAJE: Base de Datos con Páginas

Web Dinamicas

GRUPO: 5L2

NOMBRE: Marlen Barrera Osorio

MATRICULA: 2165008

Empece creando mi base de datos llamada tienda digital_mbo

Le configure el idioma

Cree mi tabla con 5 columnas

Le coloque a cada columna nombre y tipo de datos

La primera es la primary key

Asi quedarian mis campos

Fui agregando registros de dos en dos

Despues de darle continuar aparece el codigo

y al picarle en examinar ya aparecen mis dos registros

Asi queda ya con todos los registros

Cree otra tabla con 5 campos, esta es la de pedidos

Le asigne una primary key

asi quedan todos los campos

Fui agregando registros

Consultas
